

PATIENT CONSENT ASSIGNMENT AND AUTHORIZATION FOR TREATMENT AND NOTIFICATION OF CENTER POLICIES

CONSENT TO MEDICAL CARE AND TREATMENT

While at ExperCARE I consent to my physician and whomever they may designate as their assistant, associate, treating physician and patient care staff to provide my care. Such care may include, but not be limited to, all medical and surgical care, examinations and diagnostic tests and procedures, other treatments and medications, pathologic and radiological evaluations and procedures determined to be necessary for my diagnosis, treatment, and course of care. Though I expect the care given will meet customary standards, I understand there are no guarantees, and no guarantees have been made concerning the results of my treatment, examination, or care. In addition, if I refuse treatment that is suggested for me or do not complete any treatment protocol recommended to me, I will not hold ExperCARE or any individual responsible for any of the consequences.

PHYSICIAN ASSISTANTS

ExperCARE utilizes physician assistants to provide physician services delegated in accordance with state law. A physician assistant is a skilled healthcare provider who is licensed to a supervising physician and who is qualified by academic and practical training to provide patients' services not necessarily within the physical presence but under the personal direction or supervision of the supervising physician. In the course of your treatment you may be given a prescription drug or device, and you have the right to see the supervising physician or alternate supervising physician prior to this order being carried out.
